IV. Stage THROUGH ZÁHORIE TO THE FINISH ON THE BANKS OF THE DANUBE IN BRATISLAVA	30.05.2026	80 km

The I., II., III., IV. stages are driven with a calculated average speed of 45 km/h. This average speed is also used for calculating the passing times of each individual time control points. The passing of the time and passage checks will be recorded electronically and evaluated in the 500km SLOVENSKÝCH application.

TIME CONTROLS (TC) AND PASSING CONTROLS (PC)

The race includes time and passing controls, or mandatory stops with set arrival times at individual points on the course. Time controls are located on the course, marked with a yellow target with a clock symbol and indicated in the itinerary. The rider must pass through the time control and have his time confirmed within the 5-minute time limit, starting at the set time, not earlier. Passing controls are marked with a target with a stamp symbol. The crew will have their passage through this control confirmed. All passage confirmations are recorded electronically by scanning a barcode affixed to the vehicle. Hidden controls are placed along the route to monitor compliance with the route. Failure to pass a TC, PC or hidden check will result in penalty points. Determined passing and departure times will be recorded on the racing certificate given to crews at administrative check-in. The electronic data application prevails for the evaluation of the entire 500km SLOVENSKÝCH FIVA RALLY 2026 competition.

SPECIAL TESTS

PRESENTING THE VEHICLES

Vehicles must be brought in for technical and organizational inspection in working order.

The dates:

25.05.2026 Bratislava (prologue participants)

26.05.2026 Zemplínska šírava, Village Kaluža in front of the Hotel Eurobus.

The exact time schedule will be informed once the teams have been accepted to the 500km SLOVENSKÝCH FIVA RALLY 2026 event. The organizer has the right to exclude a vehicle in case of serious technical defects. Competitive crews consist of persons entered in the start list. Any change against the entry form before or during the race must be reported to the organizer immediately, otherwise the crew may be disqualified.

When bringing in the vehicle it is necessary to present:

- driving license
- proof of paid motor vehicle liability insurance
- vehicle registration certificate with a valid MOT or a historic vehicle license with a valid test license
- proof of payment of the entry fee
- FIVA Card - FIVA International Vehicle Card if issued. The FIVA card is not a condition of participation.

IDENTIFICATION OF PARTICIPANTS

Each crew member will receive a race participant tag and a wristband at registration. This marking entitles the participant to enter the premises reserved for the event. The tag is also used to prove eligibility for refreshments and meals. For the above reasons, it is necessary to carry this badge and wristbands for the entire duration of the event.

MARKING OF VEHICLES

Each vehicle has starting numbers assigned by the organizer - two sticker numbers on both sides of the vehicle, two stickers on the front fenders a plastic number on the front of the vehicle and two stickers with a QR code. The crew is obliged to keep the vehicle so marked throughout the race. An unmarked vehicle will not be classified. Starting numbers are also used to determine the order of vehicles at the start. Without the consent of the organizer, start numbers or other markings may not be affixed to other vehicles. In the event of an irreparable breakdown, the crew may only complete the rally with a replacement vehicle with the prior consent of the organizer, without being included in the classification. The crew will continue to participate as guests.

CODE OF ETHICS

For the entire competition, only the speed indicator - speedometer, which is part of the original equipment of the historic car, the experience and intuition of the driver is allowed to be used. The use of electronic measuring devices is expressly forbidden. We rely on sportsmanship and a sense of fair play, in the spirit of which crews will not use any means other than permitted above. The organizer is entitled to check each vehicle throughout the event for the use of unauthorized indicators and non-original measuring devices.

PROTESTS

The organizer accepts protests against a deposit of 250 EUR, which is forfeited in full if the protest proves to be unfounded or unproven. The organizer's decision cannot be appealed.

TOWING SERVICE

Towing vehicles will be available on the track during the race, which can be called in case of a breakdown at the contacts listed in the itinerary. The tow vehicle will only provide a tow to the nearest recovery point (e.g. petrol station with parking).

SERVICE

Hollen Oldtimer's service vehicle will be on the track throughout the competition with technicians providing service and minor repairs to the race cars.

REFRESHMENTS

Refreshments are provided for the participants during the race, both during the race with stops on the course and after the individual stages.
